

Hello, my name is Briseis Posehn. This is my 4th year being a 4-H member. I belong to the Green Acres 4-H Market Goat and Dairy Goat projects. I am also a Junior Leader for the Cloverbuds. After moving out of the area, I joined a 4-H group in Galt. There, I serve as a Sergeant of Arms for my community club. My job is to keep the members focused and the meetings moving freely through the agenda. I have 8 dairy goats; 4 are bred and should start kidding (having their babies) in late February. I love helping my grandmother kid out the babies. One year, we made a lot of trips to U.C. Davis, we needed help with the stuck babies. I have been helping feed the babies since I was 2 1/2 years old.

This is TNT my new market goat. He is only a couple of weeks old in this picture. He is a homegrown, which means that we own his parents. He is a purebred Boer. His uncle was my first goat Tank. I hope he does as well as his uncle, I work with him every chance I get. I will get some more pictures to post soon.
